Electives are not prioritized in the scheduling process. In other words, there is no guarantee made or implied that desired elective classes will be available. Please select two elective choices and rank them on the back of this worksheet based on your preference. In addition, it is required that you select two alternate elective class choices. If you fail to select alternates, those choices may be made for you.

*** Your elective choices should be different than either the Fine Arts or PE/Sports requests you made above. You may pick an additional sports or music class, or a fine arts class such as Drama, Dance, or Art.

Typically, electives are only a one-semester class, however, some do require a full year commitment. Certain electives are fee-bearing, while others are not. Certain classes, such as band or dance, may require instrument rental or the purchase of personal equipment, such as shoes or specialized clothing, in addition to the class fee. Fees associated with PE or sports classes are for the class only, and do not guarantee playing time during the athletic season. Except for winter sports classes, fees are for only one semester of a class. **Fee amounts are subject to change prior to the start of the school year.**

Fall sports classes occur from August-December, and spring sports classes occur from January-May. Winter sports classes occur from October-January. When not competing, athletes will be assigned to a strength and conditioning class.

Swimming is not a beginners learn-to-swim class. To take the swimming class, a scholar must know how to swim and be able to complete a general safe-swim test in a satisfactory manner. While swimming class is offered year-round, swim team competition occurs in the fall. For golf, competition occurs in the spring. **FY=full year required \$=fee-bearing class * indicates a teacher recommendation or audition is required S1, S2=class is a 1st or 2nd semester class**
