QUICK START GUIDE

WELCOME TO JOSTENS YEARBOOK ADS!

Yearbook recognition ads are a time-honored way to recognize your student's achievements. Celebrate their milestones and reflect on the person your student has become. Yearbook ads are also a great way to support your school – all proceeds from yearbook ads directly benefit the yearbook program.

Creating a yearbook recognition ad is easy! Simply go online to www.jostens.com/yearbookads, create an account or login, and use the yearbook ads designer to create your perfect ad. Payment is also online, and payment plans are available for orders over \$30. We will go over the online design process later in this guide.

"My son was so surprised to see his ad in the yearbook. And it was easy to do. When I had a question and contacted customer service, they were super helpful."

— Carol A., Minneapolis, MN

SOME TIPS TO HELP YOU GET STARTED:

- Your photos will look and fit better if they are the same orientation as the picture box (horizontal vs vertical).
- Use clear, high-resolution photos. If your photo is blurry it will be blurry in your ad.
- Use the cropping tools on the website to crop out unnecessary background to focus on your student.
- Schools may reserve the right to edit ads. Please make sure all submitted materials are appropriate for your school's publication.

STEP 4 | UPLOAD IMAGES

Before you can place an image in your ad, you must upload them into the designer. Select "Upload" from the images tab on the left side of the screen to browse photos from your device. Make sure you use only high quality photos.

STEP 5 | EDIT IMAGES

Once your images are uploaded, you can drag and drop them into your layout. The ad builder lets you rotate, reposition and zoom in/out on your photos. Make sure your photo is just right before moving on.

STEP 6 | INSERT TEXT

Your student's name will be pre-populated with the information provided. Simply add your heartfelt message where the layout designates it should be. You can edit the font, alignment and size of your text. Remember to check your spelling!

STEP 7 | PREVIEW & BUY

Once you have finished designing your ad, select "Preview & Buy" in the top right of the screen. The designer will save your ad and you can review it one final time. Please take the time to read and acknowledge the disclaimers on the left, which may indicate your school has reserved the right to edit your ad (for example, if all the ads in the book must have the same font or a picture is deemed inappropriate). Once you are certain your ad is perfect, select "Purchase Ad".

The screenshot displays the Jostens Yearbook Ads Builder interface. At the top, it shows the school name "Ashland High School" and a "BACK TO ASHLAND HIGH SCHOOL" button. The main workspace is divided into two sections: a left sidebar and a central canvas. The sidebar contains an "IMAGES" tab with a "Upload" button and a "No content to show" message. The central canvas shows a layout for a student named "Jason Walker". The layout includes a grid of seven photo slots (numbered 1-7) and a text area for a congratulatory message. The message text reads: "Congratulations! We are so proud of you. You have become such an incredible person and we hope your future is as bright as you are. We are proud of you on the court, on the stage or in the classroom, you have shown us a lot. How did you grow up so fast? You deserve every happiness, and we are right here to help you along the way. Never forget we love you so much. We can't wait to see what you do next! Love, Mom and Dad". The interface also features a top bar with a "PREVIEW & BUY" button and a "100 days" timer. At the bottom, there is a "Purchase Ad" button and a "Tips for reviewing your ad" section.

Tips for reviewing your ad:

- You can change your size and layout at any point prior to purchase without losing your text or images.
- When you add photos to the site from your computer, you can add multiple images by using the Ctrl and Shift keys on your keyboard.
- Once you complete the checkout process to purchase your ad, the ad will go to print and no further edits will be possible.
